명절 means the traditional lunar-calendar holidays, not public holidays in general. 설날 and 추석 are the two big ones, and both shut the country down for several days while the whole population travels to their home towns at once.

형-게 turns an adjective into the word that describes how something is done — 맛있다 becomes 맛있게, 짧다 becomes 짧게. English adds -ly; Korean adds -게, and it is completely regular.

동-으면서 joins two actions happening at the same time by the same person. The chapter title is exactly this: 보름달을 보면서 소원을 빌어요 — looking at the moon and wishing, both at once.

## 도입

Warm-up

이 사람들은 누구예요? 모여서 무엇을 하고 있어요?

Who are these people? What have they gathered to do?

여러분 고향에서는 언제 가족이 함께 모여요?

When do families gather where you come from?

### What the original page shows

#### 사진 1

relatives arriving at a traditional house with luggage, greeting the grandparents in the yard

#### 사진 2

the family sitting on the floor shaping 송편 together, and below, people looking up at a full moon over the city

#### 사진 3

a deep bow to the grandparents indoors, and a bow at an ancestral grave outdoors

Notice the two kinds of bow. Indoors to living elders is 세배; outdoors at the grave is 성묘. Both are deep floor bows and both belong to the holidays, but they are addressed to different people.

The moon photograph is the chapter title. On 추석 the moon is full, and families go outside to look at it and make a wish — which is why the grammar for doing two things at once is taught here.

## 어휘와 문법 1

### Vocabulary & grammar 1

명절에 무엇을 해요?

What do people do at the holidays?

고향에서 가족과 친척이 모두 모여요.

The whole family and all the relatives gather in the home town.

### 명절에 하는 일 — what happens at the holidays

**고향에 내려가다**

to travel down to your home town

**가족이 모이다**

the family gathers

**성묘를 하다**

to visit the ancestral graves

**윷놀이**

yut, the traditional board game

**제기차기**

jegi, a shuttlecock kicked with the foot

**친척**

relatives

**서로 안부를 묻다**

to ask after each other

**차례를 지내다**

to hold the memorial rite

**연날리기**

kite flying

고향에 내려가다 is 'to go down', and Koreans say it whichever direction they actually travel. Seoul is 'up' and everywhere else is 'down' — so people go 내려가다 to their home town and 올라가다 back to Seoul.

차례 is the rite performed at home on the holiday morning, with food laid out for the ancestors. 성묘 is the visit to the grave itself. Families do one, the other, or both.

안부를 묻다 is asking how someone has been — the set phrase for relatives who see each other twice a year. You will also hear 안부 전해 주세요, 'give them my regards'.

여러분 고향에서는 명절에 무엇을 해요?

What do people do at the holidays where you come from?

우리 고향에서도 명절에 가족이 모여요. 모여서 맛있는 음식도 먹고 재미있는 놀이도 해요.

Families gather for the holidays back home too. We eat good food together and play games.

## 형-게

Adjective + -게 — the '-ly' ending

뒤에 오는 내용의 '정도, 방법' 등을 보충해서 말할 때 사용해요.

Adds the degree or manner of what follows.

**할머니** 슬기야, 맛있게 먹어라.

Seulgi, enjoy your food.

**슬기** 네, 할머니도 많이 드세요.

Thank you, grandma — you have plenty too.

### 예문 — Examples

**가** 머리를 어떻게 해 드릴까요?

How would you like your hair?

**나** 날씨가 더우니까 좀 짧게 잘라 주세요.

It's hot, so cut it fairly short please.

명절에는 가족들과 모여서 재미있게 놀아요.

At the holidays we get together with family and have a good time.

밤에는 추우니까 옷을 따뜻하게 입어야 해요.

It's cold at night, so dress warmly.

### Which form do I use?

**-게** one form for every adjective

작다 → 작게 · 짧다 → 짧게 · 예쁘다 → 예쁘게 · 따뜻하다 → 따뜻하게

No 받침 rule, no irregulars, nothing to memorise: every adjective takes -게 exactly as it stands. It is the simplest ending in the book after -기 전에.

맛있게 드세요 is what you say to someone about to eat, and it is closer to 'enjoy your meal' than to any literal translation. 맛있게 먹었습니다 afterwards means the meal was good.

-게 is for adjectives. The verb equivalent you already know is -으면서 on the next page, and the two do quite different jobs: -게 describes how, -으면서 says what else was happening.

### 연습 1 — 여러분의 생활 습관을 이야기해 보세요.

보기) 늦다 + 일어나다 → 저는 주말에 보통 늦게 일어나요.

example: late + get up → I usually get up late at the weekend.

#### 1) 크다 + 들다

loud + listen — I listen to music loudly

#### 2) 달다 + 마시다

sweet + drink — I take my drinks sweet

#### 3) 깨끗하다 + 청소하다

clean + tidy — I clean the place thoroughly

### 연습 2 — 지난 명절에 무엇을 했어요? 어떻게 보냈어요?

**누구를 만났어요?**

Who did you see?

**무슨 음식을 만들었어요?**

What food did you make?

**무엇을 하면서 보냈어요?**

What did you do to pass the time?

지난 명절에 고향 친구들을 초대해서 재미있게 놀았어요.

Last holiday I invited friends from home over and we had a good time.

#### 설날 (음력 1월 1일) — Lunar New Year

**세배를 하다**

to make the new-year bow

**세배를 받다**

to receive the bow

**떡국**

tteokguk, rice-cake soup

**윷놀이**

yut, the board game

#### 추석 (음력 8월 15일) — the autumn harvest festival

**송편을 빚다**

to shape songpyeon rice cakes

**보름달**

the full moon

**소원을 빌다**

to make a wish

Both dates are lunar, so they move against the ordinary calendar every year — 설날 lands in late January or February, 추석 in September or October. The calendars on this page show the lunar date marked inside a solar month.

떡국 has a second meaning: eating a bowl of it on 설날 is what makes you a year older. Koreans ask 떡국 몇 그릇 먹었어요? — how many bowls have you eaten? — as a joking way of asking someone's age.

빚다 is the verb for shaping dough or clay by hand, and it is used for 송편 and for 만두. Families shape them together the night before 추석, and there is a saying that whoever shapes a pretty 송편 will have a pretty child.

한국에서는 설날과 추석에 무엇을 해요?

What do people do in Korea at 설날 and 추석?

설날에는 어른들께 세배를 하고 떡국을 먹어요. 추석에는...

At 설날 we bow to our elders and eat tteokguk. At 추석...

## 동-으면서

Verb + -으면서 — while doing

두 가지 이상의 행동이 동시에 일어남을 나타내요.

Shows that two or more actions happen at the same time.

**가** 어젯밤 보름달이 떴는데 봤어요?

There was a full moon last night — did you see it?

**나** 네, 한국 친구하고 같이 보름달을 보면서 소원을 빌었어요.

Yes, I looked at it with a Korean friend and we made a wish.

### 예문 — Examples

**가** 어제 친구를 초대해서 뭐 했어요?

You had a friend over yesterday — what did you do?

**나** 고향 음식을 먹으면서 이야기를 했어요.

We talked over food from back home.

저는 음악을 들으면서 공부하는 것을 좋아해요.

I like studying with music on.

저는 한국 회사에서 일하면서 한국어도 배우고 있어요.

I'm working at a Korean company and learning Korean at the same time.

### Which form do I use?

**-으면서**

after a final consonant (받침)

먹다 → 먹으면서 · 읽다 → 읽으면서 · ★듣다 → 들으면서

**-면서**

after a vowel

오다 → 오면서 · 만나다 → 만나면서

★듣다 is ㄷ-irregular: the ㄷ becomes ㄹ before a vowel, giving 들으면서. The same happens in 걷다 → 걸으면서 and 묻다 → 물으면서.

Both halves must belong to the same person. 저는 음악을 들으면서 공부해요 works; two different people doing two things needs 고, not -으면서.

The second half is the main action and the first is the accompaniment. 보름달을 보면서 소원을 빌어요 is a wish made while looking; 소원을 빌면서 보름달을 봐요 would put the looking in the foreground, which is not what the title means.

### 연습 1 — 명절의 모습이에요. 사람들이 무엇을 해요?

보기) 새해 인사를 하다 + 세배를 하다 → 새해 인사를 하면서 세배를 해요.

example: they make the new-year greeting as they bow.

**1) 떡국을 먹다 + 이야기하다**

eating tteokguk — talking

**2) TV를 보다 + 송편을 빚다**

watching TV — shaping songpyeon

**3) 부모님 생각을 하다 + 차례를 지내다**

thinking of their parents — holding the rite

### 연습 2 — 여러분은 두 가지 일을 같이 할 때가 있어요? 이야기해 보세요.

**저는 TV를 보면서 밥을 먹어요.**

I eat with the TV on.

**저는 음악을 들으면서 운동해요.**

I exercise listening to music.

## 말하기와 듣기

### Speaking & listening

이링 씨와 팀장님이 명절에 대해 이야기해요. 다음과 같이 이야기해 보세요.

Yi-ring and her team leader talk about the holidays. Practise the exchange.

- 이링** 내일부터 설 연휴네요. 팀장님은 이번 연휴에 고향에 가세요?  
The New Year break starts tomorrow. Are you going home this time?
- 팀장** 네, 내일 아침 일찍 출발할 거예요. 이링 씨는 어떻게 보낼 거예요?  
Yes, I'm setting off early tomorrow morning. How will you spend it?
- 이링** 저는 고향 친구들을 초대해서 같이 보낼 거예요. 한국 사람들은 보통 뭘 하면서 보내요?  
I'm having friends from home over. What do Korean people usually do?
- 팀장** 차례를 지내고 어른들께 세배를 해요. 오랜만에 친척들이 모이니깐 명절 음식을 같이 먹으면서 재미있게 보내요.  
We hold the rite and bow to our elders. The relatives haven't seen each other in a while, so we eat the holiday food together and enjoy ourselves.

### Swap in these sets

#### 1) 고향 친구들을 초대해서 같이 보내다 | 어른들께 세배를 하다

having friends from home over — bowing to the elders

#### 2) 고향의 명절 음식을 만들어 먹다 | 떡국을 먹다

making holiday food from home — eating tteokguk

연휴 is a run of consecutive days off, distinct from 휴가, which is leave you take yourself. 설 연휴 and 추석 연휴 are the two long ones, and half the country is on the road for both.

팀장님 is a job title used as a name, which is normal in Korean offices — you address people by rank rather than by name. Note 가세요 with the honorific 시, and that the team leader replies without it.

Yi-ring is an immigrant who cannot travel to her home town, and she spends the holiday with friends who are in the same position. The textbook puts that in without comment, but it is the situation most readers of this book are in.

### 연습 2 — 여러분 고향에는 어떤 명절이 있어요? 친구와 이야기해 보세요.

#### 듣기 — 라흐만 씨와 제이슨 씨가 명절 연휴 이야기를 해요. 잘 듣고 답해 보세요.

##### 1) 라흐만 씨는 연휴를 어떻게 보냈어요?

How did Rahman spend the holiday?

##### ① 한옥 마을에 갔어요.

went to a hanok village

##### ③ 한복을 입어 봤어요.

tried on a hanbok

##### 2) 제이슨 씨가 연휴에 하지 않은 것을 고르세요.

Choose what Jason did not do.

##### ② 송편을 만들었어요.

made songpyeon

##### ④ 고향 음식을 만들었어요.

made food from his home country

## 읽기와 쓰기

### Reading & writing

다음 글을 읽고 질문에 답해 보세요.

Read the passage and answer the questions.

한국의 대표적인 명절은 설날과 추석입니다. 설날은 새해가 시작되는 날입니다.

Korea's two main holidays are 설날 and 추석. 설날 is the day the new year begins.

설날에는 보통 가족, 친척들이 모여서 차례를 지내고 윗사람에게 세배를 합니다.

On 설날 the family and relatives gather, hold the memorial rite, and bow to their elders.

그러면 윗사람은 아랫사람에게 덕담을 하면서 세뱃돈을 줍니다.

The elders then offer good wishes and give money in return.

설날에는 보통 떡국을 먹습니다.

People usually eat tteokguk on 설날.

추석은 한 해의 농사가 잘 끝난 것을 조상들에게 감사드리는 날입니다.

추석 is the day for thanking the ancestors that the year's farming ended well.

추석에는 보통 성묘를 가거나 집에서 차례를 지냅니다.

On 추석 people visit the graves or hold the rite at home.

이날에는 송편을 먹고, 보름달을 보면서 소원을 빕니다.

They eat songpyeon, and make a wish while looking at the full moon.

### Questions

#### 1) 한국에는 어떤 명절이 있어요?

→ 설날과 추석이 있어요

#### 2) 설날에 하는 것을 모두 고르세요.

→ ① 차례를 지내요, ② 세배를 해요 (③ 송편 and ④ 보름달 belong to 추석)

#### 3) 추석은 무슨 날이에요?

→ 한 해의 농사가 잘 끝난 것을 조상들에게 감사드리는 날이에요

세뱃돈 is the money elders give children after the bow, in a small envelope. It is the part of 설날 children remember, and the reason the bow gets practised so carefully beforehand.

덕담 is a spoken good wish for the year ahead — 건강하세요, 좋은 일만 있으세요. The passage pairs it with 세뱃돈 using 하면서, this chapter's grammar: the words and the envelope come together.

윗사람 and 아랫사람 are 'the person above' and 'the person below' in age or rank. Korean states that relationship openly where English would avoid it, and the whole etiquette of the holiday runs on it.

## 문화와 정보 — 한국의 명절

Culture & information — Korea's holidays

요즘 한국 사람들은 설과 추석에 대표적인 명절이라고 생각합니다.

Koreans today think of 설 and 추석 as the main holidays.

그러나 옛날에는 정월 대보름, 한식, 단오, 동지도 큰 명절이었습니다.

In the past, though, 정월 대보름, 한식, 단오 and 동지 were major holidays too.

정월 대보름은 음력 1월 15일로 한 해의 첫 보름달이 뜨는 날입니다. 대보름에는 오곡밥과 나물, 호두나 땅콩 같은 부럼을 먹습니다.

정월 대보름 falls on the 15th day of the first lunar month, the year's first full moon. People eat five-grain rice, seasoned vegetables, and nuts such as walnuts and peanuts.

한식은 양력 4월 5일이나 6일이고 찬 음식을 먹습니다.

한식 falls on 5 or 6 April, and the food is eaten cold.

단오는 한 해 농사의 풍년을 바라는 날로 음력 5월 5일입니다.

단오, on the 5th day of the 5th lunar month, is the day for wishing for a good harvest.

동지는 일 년 중 밤이 가장 긴 날입니다. 양력 12월 22일이나 23일이고 팥죽을 먹습니다.

동지 is the longest night of the year, on 22 or 23 December, and people eat red-bean porridge.

부럼 are nuts cracked with the teeth on the morning of 대보름, one for each year of your age. Cracking them is said to keep your teeth strong and skin trouble away for the year.

한식 means 'cold food', and the rule was that no fire could be lit that day, so everything was eaten cold. The custom has faded but the name kept it.

팥죽 at 동지 is about the colour: red was believed to drive off bad spirits, and the longest night was when they were closest. The same thinking puts red beans in 시루떡 at a housewarming.

### Questions

#### 1) 정월 대보름에는 무엇을 먹어요?

→ 오곡밥과 나물, 호두나 땅콩 같은 부럼을 먹어요

#### 2) 단오는 언제예요?

→ 음력 5월 5일이에요

#### 3) 여러분 고향에는 어떤 명절이 있어요?

→ What holidays are there where you come from?

## 발음 · 배운 어휘 확인

### Pronunciation · Vocabulary checklist

#### 발음 1 — 다음을 듣고 따라 읽으세요.

##### 짧게 [짧게]

the ㅈ cluster keeps only ㄹ, and it tenses the ㄱ

##### 밝았지요 [발갸찌요]

ㄹ splits — ㄹ stays, ㄱ moves to the next syllable

##### 끓여서 [끄러서]

the ㅎ of ㅈ drops entirely before a vowel

All three words end in a two-consonant 받침, and the rule is that only one of the two is pronounced. 짧다 keeps the ㄹ; 밝다 keeps the ㄹ here because a vowel follows and the ㄱ links forward instead.

끓다 is the clearest case: ㅎ inside a cluster simply vanishes before a vowel, so 끓여서 is [끄러서] with no trace of it. Compare 싫어요 → [시러요], which you have been saying since level 1.

#### 발음 2 — 다음을 듣고 연습해 보세요.

**가** 머리를 어떻게 해 드릴까요?

**나** 날씨가 더우니까 짧게 잘라 주세요.

**나** 네, 보름달을 보면서 소원을 빌었어요.

Yes — I looked at it and made a wish.

**가** 한국에서는 설날에 무슨 음식을 먹어요?

What do people eat at 설날 in Korea?

**나** 떡국을 끓여서 먹어요.

We make tteokguk and eat that.
